

SITspa

Reach Statement

Padova, 16th April 2018

Subject: Conformity of our products to REACH regulation (Registration Evaluation Authorisation of Chemicals, EC 1907/2006) and its amendments

Dear Customer,

SIT S.p.A. develop, manufacture and sell systems for the safety and comfort of gas appliances. We'd like to inform you that our products are classified as "articles" in the REACH.

Our products do not contain substances intended to be released in normal or reasonably foreseeable conditions of use (Title II, Chapter 1, article 7, paragraph 1.b of the REACH); for this reason there is no registration requirement, from our side, of the products we supply to you.

The company is periodically performing an evaluation and review process with its supply chain with regard to the REACH. Such process guarantees a continuous monitoring of the evolution of REACH, with particular reference to "Candidate List" and Annex XVII.

On the basis of the information collected through our supply chain, we confirm that, to the best of our knowledge, the product we currently supply to you does not contain any SVHCs included on the "Candidate List" in concentrations above 0.1 % (w/w), and are compliant with Annex XVII restrictions.

We will continue to monitor new additions to SVHC and Annex XVII and will update our compliance statement as appropriate.

Should you require further information, please contact us to the following e-mail address, reach@sitgroup.it.

Best regards

Paolo Mercaldo
Quality Director

Marta Barbieri
