## **SIT S.p.A., Ettore Rossi confirmed in the Executive Council of Assotermica**

July 20, 2020 – Ettore Rossi, Regulatory Affairs Manager of SIT S.p.A., a multinational listed on the Italian Stock Exchange which, through its Heating and Smart Gas Metering divisions, creates intelligent solutions for the control of environmental conditions and consumption measurement, has been elected for the second time as Director in Assotermica, the association federated with ANIMA that represents the technologies for comfort of the winter climatization and of the production of hot domestic water.

Ettore Rossi and the other Councilors will have, as is read in a note, “the delicate task to drive the association through the next two years, especially **seizing the New Green Deal challenges both in the Italian and European framework**. The industry represented by Assotermica is one of the most relevant in this scenario and **the associated companies – today more than in the past – have a strong vocation towards energy efficiency and environmental sustainability**”.

\*\*\*

The SIT Group, through its two divisions Heating and Smart Gas Metering, creates intelligent solutions for the control of environmental conditions and consumption measurement for a more sustainable world. A market-leading multinational company, listed on the MTA segment of Borsa Italiana, SIT aims to be the number one sustainable partner for energy and climate control solutions for its customers, focusing on experimentation and the use of alternative gases with low environmental profiles. The Group has production sites in Italy, Mexico, the Netherlands, Romania and China, in addition to a commercial structure covering all global markets.
